PRESERVATION

To benefit
Newbold-White House
The Periauger
Colonial Kitchen Garden
1730 Vineyard
Education Programs

Dear Friends of Preservation,

The Biennial PCRA Gala is much more than a lovely night out or a social get together with wonderful people. It is a time for those of us with a concern for preservation to come together, united in the single purpose of supporting that cause. And, it is a time to celebrate all those who work to that end throughout the year.

On tonight's program you see a beautiful pheasant, his colorful plumage a highlight against the golden cover. Below him are listed the major areas of PCRA's work – the Newbold White House itself, the Periauger, the Colonial Kitchen Garden, the 1730's Vineyard, and Educational Programming. Looking around the room you will see the various people who work to keep these areas up and running. Chairpersons, volunteers, donors – we all have our special projects, things we get excited about because we care deeply for them, areas in which we feel we can serve our best, and where we want to put forth our finest efforts. But notice, too, that regardless of our special interests, we move freely around the room, mingling together in camaraderie rather than separated into interest groups.

We are like the intricate strap-work spandrels framing the other elements of the cover design, delicate bands woven together in a complex pattern with no visible beginning or end. When we come together in our common purpose, we too have no beginning or end, no separation into committees or interest groups. Working together we create a strong and beautiful design for supporting the work of preservation in Perquimans County, a framework binding together disparate elements and interests into a complex, yet harmonious whole.

Celebrate our work and your part in it by weaving yourself into tonight's spirit of fun and fellowship. And then reach out, place a bid, make a donation, volunteer, and bind yourself more firmly into the work and mission of PCRA.

Sincerely,
Lynwood C. Winslow III, president
Perquimans County Restoration Association

**Live Auction begins promptly at 8:00 p.m.
Silent Auction bidding begins at 6:00 p.m.**
